Arrival & Transportation

Make your arrival stress-free by arranging your airport transfers ahead of time.

We highly recommend booking private roundtrip transportation with USA Transfers. They are reliable, safe, and offer discounts for our referrals.

Travel Insurance

Protect your travel investment by purchasing trip protection and travel insurance.

Hurricanes, flight cancellations, and unexpected emergencies can happen—travel insurance ensures you're covered for delays, medical emergencies, and lost baggage.

It's a small cost that can save you thousands.

Pool Party Survival Tips

Temptation's Sexy Pool is the heartbeat of the resort. Make the most of it with these tips:

- Arrive early to claim a good spot—pool chairs fill up fast.
- Hydrate often and alternate cocktails with water.
- Apply reef-safe sunscreen regularly and bring a hat.
- Use a waterproof pouch to protect your phone during foam parties.
- Bring small snacks or protein bars to keep your energy up.
- Be social—this is one of the best places to meet people!

First Night Strategy

The first night sets the tone for your entire trip. Use these strategies to connect with other guests and dive into the Temptation vibe right away:

- Attend the resort's welcome or orientation session to meet other first-timers.
- Head to Bash or the Sexy Pool early to mingle before the party gets wild.
- Break the ice with compliments on theme outfits and glow accessories.
- Bring conversation starters like card games or novelty items.
- Stay open-minded, be confident, and remember everyone is here to have fun!

Resort Etiquette

Temptation is all about respect and consent. Follow these etiquette guidelines to ensure everyone has a positive experience:

- Always ask before touching or taking photos of someone.
- Respect personal boundaries—no means no.
- Avoid filming or photographing others without permission.
- Tip your bartenders, servers, and housekeeping staff generously.
- Be kind, inclusive, and celebrate diversity.

Resort Tipping Guide

Tipping is appreciated and goes a long way toward excellent service. Here are suggested gratuities (in USD or pesos):

Staff	Suggested Tip
Bartenders	\$1-2 per drink or larger tips at the end of the day.
Servers & Waitstaff	\$2-5 per meal depending on the service and size of your party.
Housekeeping	\$2-3 per day left in an envelope or on the pillow.
Porters/Bellboys	\$1-2 per bag.
Concierge & Entertainment Staff	Tip extra for exceptional service or special requests.

Tipping in pesos is fine and sometimes appreciated; small bills are handy.

How to Meet People

Temptation is a social resort—meeting new friends is part of the magic. Here's how to connect:

- Join online communities or Facebook groups before your trip to connect with other guests.
- Arrive at events early; it's easier to start conversations when it's quieter.
- Introduce yourself with a smile and ask open-ended questions about people's trips.
- Bring small items like glow bracelets or magnets to share and spark conversations.
- Decorate your door with magnets or whiteboards so others can leave messages or stop by.

Common Mistakes First Timers Make

Avoid these common missteps to ensure you have a seamless experience:

- Not bringing enough costumes and accessories for theme nights.
- Overpacking heavy clothing you'll never wear in the tropical climate.
- Skipping travel insurance and losing money on cancellations.
- Arriving late to pool parties or Bash and missing out on the fun.
- Staying shy—most guests are friendly; don't isolate yourself.
- Forgetting to hydrate and apply sunscreen.
- Not pre-booking your airport transfers or dinner reservations.

Best Rooms & Room Magnet Hack

Temptation Resort offers a range of rooms. Here's a quick overview to help you choose:

Room Type	Highlights
Trendy Garden View	Budget-friendly option; quieter and away from the main pool.
Trendy Ocean View	Great views of the Caribbean Sea and close to the Sexy Pool.
Jacuzzi Suite	Spacious room with private jacuzzi on the balcony.
Master Suite	Largest space with panoramic views and exclusive perks.

Pro Tip: Bring magnetic decorations for your door. Guests often leave notes or compliments on creative magnets, which is a great way to meet people.

A small whiteboard or custom magnet with your names can invite friends to stop by and say hello.

Daily Routine of Experienced Guests

This sample schedule illustrates how many seasoned Temptation guests structure their days to maximize fun and relaxation:

- Morning: Enjoy breakfast at the buffet, take a yoga class or hit the gym, and secure your spot at the Sexy Pool by 10 AM.
- Afternoon: Grab lunch, join pool games and foam parties, and spend time on the beach or in the Quiet Pool.
- Evening: Have dinner at one of the restaurants (some require reservations), then get ready for the night's theme with your outfit and makeup.
- Night: Head to Bash for the nightly party, participate in theme contests, then continue to Sky 3.5 or other late-night spots. End your night with a snack from the 24-hour cafe.

Resort Layout & Tips

Knowing the layout of Temptation will help you navigate easily and make the most of each area:

- The Sexy Pool is the main party zone; arrive early to secure a prime spot.
- The Quiet Pool offers a relaxed vibe for unwinding or recovering after a late night.
- Temptation has multiple restaurants—make reservations upon arrival for specialty dining.
- Bars and snack stations are conveniently located around the property—learn where they are on day one.
- Elevators and stairways can get crowded; allow extra time when heading to dinner or events.
